LEGS Core Training (LCT)

Self-Paced Learning Guide Module 7: Response planning

Table of Contents

7.1	Overview of Module 7	3
7.2	Response planning	3
7.3	Response Plan (continued from Module 5) – preparation for Live Workshop	8
7.4	Check your understanding – QUIZ	. 10

7.1 Overview of Module 7

Summary

Module 7 explores the LEGS Response plan.

In the previous modules of this course, we learnt how to use tools to develop each stage of the LEGS response. Module 7 explores how to consolidate this information into a Response plan. It provides a detailed explanation of what a Response plan is and how to complete it.

Topic 7.3 is a Group Activity where participants continue working on the Response plan created during Module 5. These plans will be shared and discussed in the Live Workshop.

SELF-PACED LEARNING GUIDE

[+/- 120 MINUTES]

Topics	Learning Outcomes	
7.1 Overview of Module 7 7.2 Response planning	After completing the Self-Paced Learning Guide-Module 7 you will be able to:	
Module 5	 Describe the elements of a Response plan, 	
7.4 Check your Understanding - QUIZ #7	 Integrate the LEGS core standards and cross-cutting themes into a Response plan, 	
	 Continue work to finalise the Response plan created during Module 5. 	

LIVE WORKSHOP

[120 MINUTES]

The Live Workshop will consolidate and build on your Self-paced Learning.

Topics		Learning Outcomes	
1.	Overview of workshop	By the end of the Live Workshop-Module 7 you will be able to:	
2.	Present Response plans	 Critique the quality of the Response plan created by marticipants and marks measure detices for 	
3.	Review Response plans and possible	participants and make recommendations for improvement,	
	improvements	 Identify and address outstanding questions and points of clarification related to the content of Module 7, 	
4.	Questions + recap.	 Develop Action Plans for using new skills and knowledge in your work. 	
5.	Action Planning		
6.	Close of the RDC course.		

7.2 Response planning

This topic explains Response planning. In essence, a Response plan outlines what we will do, how we will do it, what we intend to achieve for a particular emergency situation, and how we will measure our progress and results.

Video 7.1 - Response planning

As you watch the video reflect and make notes on the following questions -

- ✗ How does Response planning relate to the four stages of the LEGS Approach?
- K What are the elements of a Response plan?
- ✓ What are the steps to create a Response plan?

Click here to watch Video 7.1 - Response planning https://vimeo.com/527427235/b619669a35

Key learning points

The following learning points are summarised from Video 7.1-Response planning.

RESPONSE PLAN

In the previous modules of this course, we learnt how to use tools in each stage of the LEGS response.

Our final task is to pull together this information into a Response plan.

Briefly, a Response plan lays out what we will do, how we will do it, what we intend to achieve for an emergency situation, and how we will measure our progress and results.

	Response Plan	LEGS
Intervention:		Livelihoods Objective (s):
Option:		
	Intervention Logic	Indicators
Intervention Objectives	• xyz • xyz	 xyz xyz xyz xyz
Outcomes	• xyz • xyz	 xyz Xyz xyz
Activities	 xyz xyz xyz xyz xyz xyz xyz xyz 	 xyz xyz xyz xyz

STEPS FOR CREATING A RESPONSE PLAN

- 1. Decide the Technical Intervention and options (from the PRIM).
- 2. Link the Technical Intervention to the relevant LEGS Livelihoods Objective (s).
- 3. Write the intervention objective.
- 4. Write the outcomes.
- 5. Write a brief outline of the main activities that will be carried out to achieve the outcome (s).
- 6. Write the indicators for the activities, outcomes and intervention objectives.

Note that -

- Indicators for activities will be process indicators,
- Indicators for outcomes will be <u>impact</u> indicators,
- Indicators for intervention objectives can be either process or impact indicators.

LEGS

INTEGRATE THE LEGS CORE STANDARDS AND CROSS-CUTTING THEMES

- 1. Participation
- 2. Preparedness
- 3. Technical support and agency competencies
- 4. Initial assessment and response identification
- 5. Technical analysis and intervention
- 6. Monitoring and Evaluation
- 7. Policy & Advocacy
- 8. Coordination

The LEGS cross-cutting Themes

- Gender and Social Equity
- HIV/AIDS
- Protection
- Environment and Climate

KEY MESSAGES ON LEGS RESPONSE PLANNING

- LEGS livelihoods-based objectives must be linked to each technical intervention,
- Technical interventions can be complementary and sometimes are combined,
- Decision trees can be used to identify the various options within each technical intervention,
- Cash transfers are not mentioned in all the decision trees but may be considered as a mechanism for achieving the technical intervention,
- The cross-cutting themes and relevant Core Standards must be integrated in the response for all technical interventions,
- Process and impact indicators must be agreed at the design stage.

7.3 New Response plan – preparation for Live Workshop

Preparation

The Live Workshop activity involves further work on the Response plan developed during Module 5.

Read and makes notes on the following and be prepared to participate in the Live Workshop activity -

- 1. Task instructions,
- 2. You will be working in the same group as for Module 5.

Task

The Live Workshop activity involves finalising your Response plans. You will be emailed a new template by your trainer, and before the workshop reflect on where you think your current Response plan can be improved.

7.4 Check your understanding – QUIZ.

Quiz # 7

This quiz enables you to check your understanding of the key topics covered in the Self-Paced Learning Guide of Module 7.

The results help you identify which aspects you have good knowledge of and those aspects you might like to review before the next Live Workshop.

You will be awarded a digital credit for successfully completing the following quiz and the Self-Paced Learning Guide of Module 7.

Click here to compete Quiz #7 - <u>https://www.livestock-emergency.net/quizzes/7-check-your-understanding-quiz/</u>

Congratulations on completing the Self-paced Learning Guide for Module 7.
